

Acknowledgments to Anonymous Reviewers in 2004

When a paper is submitted for publication in *Brain & Development*, the editor asks for manuscript review to members of the Board or other specialists in a particular area. The following is a list of colleagues not on the Board, who kindly reviewed manuscripts submitted in 2004. The quality of the journal depends on their efforts, experiences, time and labor. I express my appreciation to these anonymous reviewers. Thank you.

Yoshiyuki Suzuki, M.D.
Editor-in-Chief, *Brain & Development*
