## Brain & Development

(ISSN 0387-7604) is published by Elsevier B.V. (eight issues per year) on behalf of The Japanese Society of Child Neurology

**Aims and scope:** *Brain & Development* is devoted to the publication of Review Articles, Original Papers, Communications, Case Reports, and Letters to the Editor in the field of child neurology and related sciences. Proceedings of meetings and professional announcements are published at the Editor's discretion. Letters concerning articles published in *Brain & Development* and other relevant issues are also welcome.

**Manuscript submission:** Manuscripts for publication should be submitted online at <http://ees.elsevier.com/bradev/>. Please refer to the online Instructions to Authors for specific information about the preparation of manuscripts at <http://authors.elsevier.com/journal/braindev>.

**Acknowledgements:** This publication is partly supported by a Grant-in-Aid for Publication of Scientific Research Results from the Japan Society for the Promotion of Science Japan.

Publication information: *Brain & Development* (ISSN 0387-7604). For 2005, volume 27 is scheduled for publication. Subscription prices are available upon request from the Publisher or from the Regional Sales Office nearest you or from this journal's website (<http://www.elsevier.com/locate/braindev>). Further information is available on this journal and other Elsevier products through Elsevier's website (<http://www.elsevier.com>). Subscriptions are accepted on a prepaid basis only and are entered on a calendar year basis. Issues are sent by standard mail (surface within Europe, air delivery outside Europe). Priority rates are available upon request. Claims for missing issues should be made within six months of date of dispatch.
